**OUTPATIENT**  
SURGICAL INSTITUTE

---

I had the benefit of prior experience working with Craig in the medical field many years ago in a hospital setting and immediately thought that CRPM would be able to assist and handle the many challenges I was facing in the construction and opening of a new ambulatory surgery center.

What started as a need for furniture, quickly turned into many different opportunities to take advantage of Craig's expertise.

Craig has much experience in many different areas. For me, it was a win-win situation. He quickly took on the tasks of furniture selection, surgical equipment, medical supplies, surgical furniture and instruments. This evolved into contracts and agreements for services needed at the center as required by the regulatory agencies.

His negotiation skills saved us a considerable amount of money which is very important in a start up business.

Craig's ability to network is extensive as he has contacts in all areas and was my advocate throughout construction. Always explaining and teaching.

Craig is one-stop shopping as I sincerely believe he can handle anything that comes his way in an efficient, detail oriented manner.

Judith Boehm, RN, CASC  
Center Manager  
New Century Spine and Outpatient Surgical Institute
